

We're seeking active individuals who are passionate and driven to learn and lead while we advocate for your growth. We're a fun and collaborative workspace that cares and commits to your betterment.

Job Description:

We are looking for a Node.js Developer responsible for managing the interchange of data between the server and the clients. Your primary focus will be the development of all server-side logic, definition, and maintenance of the database, and ensuring high performance and responsiveness to requests from the front-end. You will also be responsible for integrating the front-end elements built by your co-workers into the application. Therefore, a basic understanding of front-end technologies is necessary as well.

Primary Skillset:

Programming:

- Nodejs (Including Advanced Nodejs concepts, Async await, Promises etc.)
- Express framework
- Strong proficiency with JavaScript
- Socket.io
- Experience in third party API integrations - added advantage
- Angular 2+ (added advantage)
- Experience in AWS services (EC2, S3, SQS) - added advantage

Data store:

- Mongo DB or similar relational databases
- Knowledge of Aggregate, group queries, DB pool, transactions etc.
- Redis store

Unit testing frameworks:

- Mocha, Chai and Jest.

Dev tools:

- Git
- Postman
- Jenkins
- Editors such as vscode or similar

Nature and Scope of Role:

- Understanding of Rest API Fundamentals
- Create data models
- Ability to understand flows from different business logics
- Strong debugging and troubleshooting skills

- Write clear quality code for software and applications and perform test reviews
- Work on researching and resolving production issues.
- Sharing knowledge and training/helping other team members.
- Create high-level architectural specifications, ensuring feasibility, functionality, and integration.
- Design and develop new Software solutions.

Min experience:

- 1+ Years of hands-on experience

Value Additions:

You have great communication skills and a strong work ethic. You take ownership of duties and perform well against timelines. You work well under pressure and are a natural leader. You enjoy establishing new relationships and your social skills are excellent. Good problem-solving skills
